

A ASSINPOSPq AUTORIZA A REPRODUÇÃO E DIVULGAÇÃO TOTAL OU PARCIAL DESTE TRABALHO, POR QUALQUER MEIO CONVENCIONAL OU ELETRÔNICO, PARA FINS DE ESTUDO E PESQUISA, DESDE QUE CITADA A FONTE.

Revisão: Erick Vicente da Silva Motta (ASSINPOSPq), Camila Raquel Paludo (ASSINPOSPq).

Editoração: Erick Vicente da Silva Motta (ASSINPOSPq), Paulo Eliandro da Silva Junior (ASSINPOSPq).

Arte da Capa: Paulo Eliandro da Silva Junior (ASSINPOSPq).

Ficha Catalográfica

Associação Organizadora do Simpósio Internacional de Pós-Graduação e Pesquisa (Org.).

Anais do SINPOSPq. Ribeirão Preto, 2012. 300 p.

ISSN 0000-0000

Anais do V Simpósio Internacional de Pós-Graduação e Pesquisa – Área do conhecimento: Ciências da Saúde.

1. Tecnologia Farmacêutica e Cosmética. 2. Saúde Pública. 3. Farmacologia e Toxicologia. 4. Biociências. 5. Produtos Naturais e Sintéticos. 6. Análise e Controle de Medicamentos e Cosméticos.

V Simpósio Internacional de Pós-Graduação e Pesquisa

Inovação para o desenvolvimento científico e tecnológico

12 – 14 de setembro de 2012

APRESENTAÇÃO

Apresentamos os **Anais da quinta edição do Simpósio Internacional de Pós-Graduação e Pesquisa** (SINPOSPq), realizado pela ASSINPOSPq e vinculado à Faculdade de Ciências Farmacêuticas de Ribeirão Preto da Universidade de São Paulo (FCFRP-USP). Criado em 2001, o SINPOSPq é organizado de forma bienal pelos pós-graduandos dos três programas de pós-graduação da FCFRP-USP, a saber: Ciências Farmacêuticas, Biociências Aplicada a Farmácia e Toxicologia.

O evento é organizado pela associação dos pós-graduandos da FCFRP-USP, a ASSINPOSPq, com o apoio de uma comissão de docentes, e tem por objetivos: 1) promover discussões sobre publicações científicas em periódicos nacionais e internacionais; 2) proporcionar a disseminação do conhecimento entre os alunos de graduação, pós-graduação e renomados pesquisadores do Brasil e do exterior, bem como, 3) promover a internacionalização da pós-graduação da FCFRP-USP.

Para alcançar seu propósito, o evento conta com a apresentação de trabalhos científicos desenvolvidos pelos participantes e com a realização de palestras, conferências, cursos e mesas-redondas, que são ministrados por profissionais especializados nas diversas áreas da Saúde, do Brasil e do exterior.

No decorrer de suas edições, o SINPOSPq ganhou prestígio e credibilidade no meio científico ao abranger temas interdisciplinares condizentes com os desafios mais contemporâneos da Ciência, Tecnologia e Inovação. Nesta edição, o SINPOSPq investiu na participação de um maior número de pesquisadores estrangeiros e de renomados pesquisadores brasileiros, a fim de propiciar a criação de vínculos e parcerias entre todos os participantes.

Estes Anais foram produzidos com o apoio da Coordenação de Aperfeiçoamento de Pessoal de Nível Superior (CAPES) e da Fundação de Amparo à Pesquisa do Estado de São Paulo (FAPESP).

A Comissão Organizadora.

EXPEDIENTE

Administração

Dr. Sérgio de Albuquerque
Diretor

Dra. Maria Vitória Lopes Badra Bentley
Vice-Diretora

Dr. Antonio Cardozo dos Santos
Presidente da Comissão de Pós-Graduação

ASSINPOSPq
Associação Organizadora do Simpósio Internacional de Pós-Graduação e Pesquisa

Diretoria

Ivan Domicio da Silva Souza
Presidente

Gabriela Bianchi dos Santos
Vice-Presidente

Ana Luiza Scarano Aguilera Forte
Secretária

Lucas Maciel Mauriz Marques
Tesoureiro

Gabriela Amaral Buqui
Segunda Secretária

Diego Francisco Cortés Rojas
Segundo Tesoureiro

Comissão Organizadora

Beatriz Maria Pereira Girolineto
Bianca Stocco
Camila Raquel Paludo
Christian Collins Kuehn
Cristiane Teixeira Vilhena Bernardes
Erick Vicente da Silva Motta
Fabrício Luiz Tulini
Fernanda de Almeida
Fernanda de Lima Moreira
Fernanda Gobbi Amorim
Francielle Almeida Cordeiro
Josimar de Oliveira Eloy
Juliana Maria Oliveira Souza
Juliana Vescovi de Freitas
Karina Furlani Zoccal
Leonardo Neves de Andrade

Lívia Cristina Hernandes
Lívia Neves Borgheti Cardoso
Lizziane Kretli Winkelströter
Maria Augusta Carvalho Rodrigues
Nádia Maria Martins
Otávio Pelegrino Rocha

Gomes
Tatiane Cruz de Carvalho
Vinicius de Paula Venâncio

Docentes Coordenadores

Maria José Vieira Fonseca
Sérgio Akira Uyemura
Yara Maria Lucisano Valim

Docentes Convidados

Anderson R. M. de Oliveira
Eliane Candiani Arantes
Fabiani Gai Frantz
Fernando Barbosa Jr
Flavio da Silva Emery
Hamilton Cabral
Lorena Rigo Gaspar Cordeiro
Lusânia Maria Gregg Antunes
Maria Cristina Nonato
Marilisa Guimarães Lara
Niege Araçari J. C. Furtado
Norberto Peporine Lopes
Renata Fonseca Vianna Lopez

SUMÁRIO

Tecnologia Farmacêutica e Cosmética

<u>TFC003</u> - Comparison of <i>in vitro</i> antibacterial activity of commercial antiseptics soaps	10
<u>TFC006</u> - Development and clinical efficacy of a sunscreen containing <i>Spiraea ulmaria</i> extract.....	11
<u>TFC008</u> - Development and stability study of cream obtained with cotton oil .	12
<u>TFC009</u> - Development and stability study of shampoo obtained with <i>Mauritia flexuosa</i> oil.....	13
<u>TFC010</u> - Evaluation of the Antimicrobial Effect of Glycolic Extract of <i>Zingiber officinale</i>	14
<u>TFC014</u> - Objective and subjective evaluation of skin characteristics	15
<u>TFC015</u> - Rheology of hair conditioner formulated with two different vegetable oils and pigment extract solution from <i>Syzygium cumini</i> L. fruit.....	16
<u>TFC024</u> - Development of nanoemulsions containing ursolic acid: optimizing the emulsification temperature.....	17
<u>TFC026</u> - Development of sustained release biodegradable films aiming the use in the periodontal disease	18
<u>TFC029</u> - Evaluation of emulsion solvent evaporation method as an approach to produce nanoparticles of Polycaprolactone containing ursolic acid.....	19
<u>TFC034</u> - <i>In vitro</i> skin penetration studies of Doxorubicin from solid lipid nanoparticles dispersed in a nanogel.....	20
<u>TFC035</u> - Influence of dendrimers in the subcellular localization of protoporphyrin IX in carcinoma cells for Photodynamic Therapy	21
<u>TFC038</u> - Liquid chromatographic method for assay of lipoic acid in skin samples, an important tool for <i>in vitro</i> and <i>in vivo</i> skin delivery studies.....	22
<u>TFC045</u> - Osmolality determination of poloxamer 407 thermosetting gels for ocular delivery	23
<u>TFC046</u> - Preparation and characterization of liposome containing ovalbumin and silver nanoparticles.....	24
<u>TFC049</u> - Solid lipid nanoparticles: a study of passive and iontophoretic permeation mechanisms through skin.	25
<u>TFC050</u> - Solubility improvement of ursolic acid complexed with hydroxypropil- β -cyclodextrin.....	26
<u>TFC054</u> - Solid dispersions containing Poloxamer 407 and Sodium Caprate as a strategy to produce amorphous Ursolic Acid.....	27
<u>TFC056</u> - Effect of cell penetrating peptide (TAT) on the complexation and transfection of siRNA.....	28

Saúde Pública

<u>SP003</u> - Effect of plasma status of folate on HPV infection and progression to cervical cancer.....	29
<u>SP004</u> - Effect of a pharmaceutical care program for elderly diabetic and hypertensive patients	30
<u>SP006</u> - Antimicrobial-susceptibility profile of <i>Streptococcus pneumoniae</i> strains obtained of patients attended in a Hospital of Campinas, Brazil	31

SP012 - Medication adherence in patients with Parkinson's disease treated at a specialized ambulatory	32
SP015 - Safety evaluation of botanical ingredients used in cosmetics products: regulatory proposal	33

Farmacologia e Toxicologia

FTX002 -A new vasodilator does not induce tolerance in rat aorta and cava vein.....	34
FTX003 - Abstinance of ethanol promotes changes in smooth muscle of rat aorta artery and alter vascular reactivity	35
FTX005 - Anticonvulsant effects of erythrinian alkaloids from <i>Erythrina mulungu</i> : preliminary evaluation on a chronic animal model basis.	36
FTX009 - Effects of NO/cGMP inhibitors in a rat model of anaphylactic shock.....	37
FTX011 - Electrophysiological effects of diazepam and ketamine in convulsions induced by cunaniol.	38
FTX015 - Evaluation of uptake glutamate in cultures of retina cells in the presence of cunaniol.....	39
FTX016 - <i>In vitro</i> effects of organophosphorus pesticide malathion on the reactivity of rat aorta.	40
FTX019 - Pharmacokinetic of a new chemical delivery system candidate designed for tuberculous meningitis treatment in rats.....	41
FTX024 - The effectiveness study of the seed extract papaya (<i>Carica papaya</i> Linn) in gastroprotection of gastric ulcer induced in animals.	42
FTX029 - Vasorelaxant effect of labdane-type diterpene isolated from <i>Copaifera langsdorfii</i> in the isolated rat aorta.....	43
FTX030 - ABCB1 haplotypes enhances the effect of CYP3A5 polymorphism on tacrolimus pharmacokinetics after kidney transplantation.	44
FTX031 - Analysis of acid lysergic (LSD) in vitreous humor and oral fluid samples	45
FTX037 - Cisplatin-induced DNA damage and neurotoxicity: Neuroprotection by coenzyme Q10.....	46
FTX038 - Determination of nicotine and cotinine in meconium using new technique with solid phase modified extraction (DPX) and GC-MS.	47
FTX040 - Study about antiophidic action of juice and aqueous extract of <i>Annona muricata</i> leaves on <i>Lachesis muta</i> envenomation.	48
FTX043 - Evaluation of the toxicity of pseudoboehmite for the controlled release of drugs	49
FTX045 - Fractionation and functional characterization of <i>Bothrops alternatus</i> (<i>Rhinocerophis alternatus</i>) snake plasma: Evaluation of its inhibitory potential on proteolytic enzymes.	50
FTX047 - Influence of gestational Diabetes <i>mellitus</i> on the enantioselective transplacental distribution of metoprolol in hypertensive parturients.....	51
FTX049 - Phytotoxicity of p-phenylenediamine, basic red 51 and basic yellow 57 to <i>Lactuca sativa</i> L.	52
FTX050 - Preliminary studies and biochemical characterization of bradykinin-potentiating peptides from <i>Lachesis muta</i> venom.....	53
FTX055 - Dietary methionine imbalance in pregnant mice induces lipid peroxidation in the offspring liver.....	54

Biociências

BIO002 - Evaluation of osteogenic effect by different phyestrogens in osteoblasts culture derived from mesenchymal stem cells.....	55
BIO003 - Evaluation of α -tomatine effects on the RNAm of MARK2, HSPA5, HSPA14 and GADD153 genes expression on HepG2/C3A cells	56
BIO007 - Effect of octopamine on (Na^+,K^+) -ATPase activity in selected ontogenetic stages of <i>Macrobrachium amazonicum</i>	57
BIO008 - Evaluation of DNA damage in human lymphocytes induced by the venom of <i>Lachesis muta</i>	58
BIO010 - <i>In vitro</i> effects of extracts of sea anemones on the DNA of human lymphocytes.....	59
BIO011 - Kinetic Characterization of a (Na^+,K^+) -ATPase Activity in the Freshwater Shrimp Zoeae I <i>Macrobrachium rosenbergii</i>	60
BIO013 - Pramipexole and selegiline reduce reactive oxygen species production <i>in vitro</i>	61
BIO016 - Anticonvulsant effect of tea of <i>Jatropha curcas</i> Linn in mice.....	62
BIO019 - Determination of antifungal activity and isolation of chalcone resistant mutant of <i>Trichophyton rubrum</i> by ultraviolet light radiation	63
BIO024 - Neuroprotective and antioxidant activity of flavonoids isolated from <i>Serjania erecta</i> Radlk.....	64
BIO030 - Stimulus of chitosan-alginate biomembrane in inflammatory phase and on re-epithelialization of skin wounds in rats	65
BIO032 - Association between green tea and oat bran improves the lipid profile and oxidative stress markers in Metabolic Syndrome individuals	66
BIO034 - Consumption of oat bran reduces triacylglycerols levels and oxidative stress in Metabolic Syndrome subjects.....	67
BIO035 - Contamination indicators survey in pressed ricotta commercialized in the South of Minas Gerais.....	68
BIO036 - Efficacy of Alternative Sanitizers in Strawberries (<i>Fragaria ananassa Duch</i>) cv. Oso Grande	69
BIO038 - Microbiological quality of water supply, from water tank and filtered in properties of two quarters in Alfenas – MG	70
BIO042 - Probing details, limitations and uncertainties in structural information of protein databases.....	71
BIO043 - Assessment of cytotoxicity and genotoxicity of the compound Monastrol in human hepatoma cell C3A.	72
BIO044 - Chemoprotective action of L-Selenomethionine in HepG2 cells: evaluation of stress genes expression induced by H_2O_2	73
BIO045 - Chlorophyllin changes the expression of apoptosis and cell cycle genes in non-tumor breast HB4a cells.....	74
BIO051 - Interaction drug/nutrient of drugs used by patients with primary immunodeficiency	75
BIO053 - New approaches to therapeutic interventions on murine experimental schistosomiasis.....	76
BIO055 - Study of the effector function of murine macrophages infected <i>in vitro</i> with <i>Salmonella enteritidis</i>	77

BIO057 - Antibacterial activity of essential oils of oregano and cloves and their major compounds.....	78
BIO059 - Antimicrobial activity of an experimental dentifrice base <i>Ricinus communis</i> : for complete denture.....	79
BIO061 - Biofilm composition of the complete dentures' reliner and the effectiveness of different hygiene methods.....	80
BIO062 - Antimicrobial activity evaluation of crude extract of <i>Capsicum chinense</i>	81
BIO068 - Inhibitory effect of extracts of <i>Croton antisiphiliticus</i> in biofilm production of <i>Staphylococcus aureus</i> causing bovine mastitis.....	82
BIO070 - Molecular analysis of Dengue Virus Type 1 isolates in Ribeirão Preto in 2011	83
BIO074 - Evaluation of leishmanicidal profile of ursolic acid.....	84
BIO079 - Oligopeptidases B and C from trypanosomatids as therapeutic targets for natural products	85
BIO080 - Oral melatonin administration and sexual hormones influences during the experimental chagas' disease	86
BIO083 - Immune mediators produced by Ts2 and Ts6 isolated from <i>Tityus serrulatus</i> scorpion venom	87
BIO084 - Identification <i>in silico</i> of gpi (glycosylphosphatidylinositol)-proteins in <i>Paracoccidioides brasiliensis</i> and <i>Paracoccidioides lutzii</i>	88
BIO087 - Evaluation of cytotoxicity and apoptosis induction of Oxo-monastrol in human hepatoma cell line C3A.....	89

Produtos Naturais e Sintéticos

PNS009 - <i>Baccharis dracunculifolia</i> extract modulates oxygen-dependent and -independent mechanisms of neutrophil activation and exhibits biological stability.....	90
PNS013 - Comparations of phytochemical screening of leaves and stem-bark of <i>Caryocar brasiliense</i> Camb. collected in Cantão State Park, Tocantins, Brazil.	91
PNS014 - Cytotoxicity of natural chemicals against normal and tumor cell lines	92
PNS016 - Effects of six weeks consumption of <i>Hoodia gordonii</i> on food intake and body weight in obese <i>Wistar</i> rats.	93
PNS017 - Enzyme inhibition in trypanosomatids: a therapeutic target for crude extracts and fractions of natural products.....	94
PNS018 - Evaluation of acute toxicity, antioxidant activity, flavonoid quantification and total phenols from the hydroethanolic extract from leaves of <i>Leonotis nepetaefolia</i>	95
PNS020 - Evaluation of cytotoxicity and genotoxicity of essential oil of <i>Xylopia frutescens</i> Aubl. (Annonaceae).....	96
PNS027 - Modulatory activity of flavonoids in production of reactive oxygen species from neutrophils of patients with rheumatoid arthritis.....	97
PNS031 - Topical f1-protein from latex <i>Hevea brasiliensis</i> accelerates wound healing in diabetes by enhancing insulin signaling.....	98
PNS037 - Synthesis of New phenazine.....	99

<u>PNS039</u> - Synthesis, spectroscopy and photophysical characterization of two meso-substituted tetramethyl borodipyrromethene (BODIPY) derivatives.....	100
<u>PNS040</u> - Phytochemical profile and antioxidant potential of methanol extract of <i>Mucuna pruriens</i> leaves.	101
<u>PNS043</u> - Evaluation of chitosan and carbopol gel with <i>Melaleuca alternifolia</i> oil against pathogenic microorganisms	102
<u>PNS046</u> - Comparative study of antioxidant activity of different propolis extracts (alcoholic, aqueous and dry) by DPPH method	103
<u>PNS049</u> - Gastroprotective activity of the extract and fractions from leaves of "couve" (<i>Brassica oleracea</i> var <i>acephala</i> DC) in chronic ulcer model.....	104

Análise e Controle de Medicamentos e Cosméticos

<u>CM003</u> - Conductivity measurements to assess the effect of solvent on the dissociation of sodium salt of diclofenac.....	105
<u>CM004</u> - Evaluation of chiral stationary phases in the separation of the enantiomers of fexofenadine	106
<u>CM007</u> - Polymorphic stability study: The influence of storage conditions on the Moxifloxacin hydrochloride.....	107
<u>CM008</u> - Study of nitric oxide photorelease from a trinuclear ruthenium cluster.....	108
<u>CM013</u> - Quality control – Qualitative testing of enrofloxacin.....	109
