

I don't understand my mind

*Actually I find that nobody understands my mind*

*I'm not normal*

*I'm crazy. Really, I'm crazy and I know that*

*I'm crazy. It's a fact. I was born like that.*

*My mind is difficult to understand*

*'cause it isn't black, white or gray*

*Me and the rest of the world*

*can't understand my mind*

*'cause my mind is colorful and crazy*
